

# Dog Paw Care Checklist

Monitor your dog's paw health daily. Use this space to check off care tasks and note any changes.

## Daily Paw Check

**Yes No**

- Redness or swelling between toes
- Limping or avoiding pressure
- Nail beds look irritated or crusty
- Paws smell unusual or yeasty

**Notes:**

---

---

---

## At Home Care

- Wipe paws after walk
- Soak paws in Epsom salt for 5-10 minutes (if needed)
- Apply paw balm or moisturizer
- Use anti-itch spray or medicated mousse

**Notes:**

---

---

---

## Prevent Licking of Paws

- Use a cone or soft e-collar
- Put on dog booties (must be supervised)
- Provide distraction or chew toy
